

The Dimmer View

by MAX GOODWIN

Our sympathy is with the visitor who, according to the Los Angeles Times, recently got on a Los Angeles freeway and drove eight hours before he could find his way off. But driving confusion is by no means limited to California freeways.

Now California insurance firms are in on the act.

If there is a dissenter to this premise in the house, will he please step forward and explain the new Safe Driver Insurance Plan which is now in effect so we all may understand it? There being none, I will carry the burden of explanation.

The Plan, basically, adds points to drivers who become involved in accidents, incidents, and who get citations. However, if you are involved in an accident and the other guy gets a citation, you are given no point. Each point you get shows up later on your insurance bill as a healthy rate increase. The confusion will come, I assure you, gentle motorist, when you become involved in a "no-injury" accident (most of them are in this category) and you are torn between turning the guy into the Highway Patrol to avert getting a point or to agree with him that the accident was unavoidable and each lopes away before the cops find out about it and each pays his own repair bill.

The Plan, to which 200 California insurance firms subscribe, gives you an automatic 20 percent discount if you have no points. Get in an accident or get a "moving violation" citation and you lose the 20 percent discount. The next one costs you 25 percent more . . . and so on until it is 100 percent more.

All of this we fear will produce some unhappy conditions at the scene of a wreck where cars cannot be driven away under their own power. You'll see one motorist insisting that the other be arrested. Because he wants the other guy to get tangled in the coils of the law? Certainly not! He only wants to save his 20 percent insurance fee.

Another collateral reaction will be the loss of warm feeling we have for our insurance firms whose comforting and friendly hand we have sought in the time of trouble. With a citation in our pocket we'll adopt a different philosophy. The insurance people are going to tap us 20 percent in addition to what the traffic court will exact. Who can you trust anymore?

In any event, proponents have a good argument. They say the Plan will create defensive drivers. This is described as a driver who looks out for the other motorist as well as himself.

If this is so adn it cuts down accidents the Plan is worth the effort.

The question which plagues most parents whose youngsters are going to work during vacation for the first time is whether or not parents may claim him as an exemption on their Federal income tax if he earns more than \$600 during the period.

The answer is yes.

Crash Kills Lemon Grove Cyclist

A Lemon Grove man became the county's 96th traffic fatality Saturday when his motorcycle crashed head-on with an auto driven by a sailor from the aircraft carrier Oriskany.

The man, Jose Alfonso Smith, 41, a Rohr Aircraft employee who lived at 7688 Lemon Ave., was pronounced dead shortly after arriving at Paradise Valley Hospital.

Police investigators said Smith's westbound motorcycle collided with the sailor's car as the sailor was making a left turn from Eighth St. to Hoover at 12:51 a.m. Smith is survived by his wife, Judy, four children, and a brother Carlos. He is a native of Lakeside.

Requiem Mass was recited Tuesday at St. John of the Cross Church followed by interment at Holy Cross Cemetery.

Taxpayer Upsets Hearing

The San Diego County Board of Supervisors' budget hearing was thrown into an uproar Tuesday morning when Dr. Frank Gigliotti, spokesman for the Lemon Grove Taxpayer's Association, turned from taxes to a personal attack on Supervisor David Bird.

Dr. Gigliotti had complained that supervisors wasted tax money on such things as chambers of commerce and charged that they gave \$30,000 to El Cajon's Mother Goose parade event last year (Records show an allotment of \$600).

Gigliotti said the supervisors were not interested in groups such as his (taxpayer's groups). Supervisor Bird, he said, turned down an invitation to attend a meeting in Lemon Grove excusing himself on the basis of being ill. "The next day the papers said Bird was running for office and never felt better in his life."

Chairman Robert Dent rapped for order and Supervisor Frank Gibson admonished Gigliotti that such remarks "had nothing to do with budget matters."

Supervisor Bird said "In my own defense I should explain that I told the lady who invited me that I would have to take a rain-check on the invitation, and that I accepted an invitation to a meeting in Lemon Grove this Friday."

Bird told Gigliotti that "if it is a matter of attacking me the time to do it is at election time."

Gigliotti said that he had never opposed Bird before but that he would do it at the next election.

Gigliotti spoke for 15 minutes on items he said would reduce the taxpayers' load, one of which is to set up businesses for disabled person rather than to give them funds through the Welfare Department. He said this would give them income with dignity.

\$77-MILLION ROAD COST SEEN HERE

SAN DIEGO (CNS)—An expenditure of \$77,877,641 will be needed to bring county streets and roads up to proper standards the County Board of Supervisors was told Tuesday.

F. A. Rhodes, acting county surveyor and road commissioner, in one of his last acts before turning the reins over to the new county official, David Speer, recommended that a county road tax and bond issues for major highways be voted to meet the cost of fighting deficiencies in the county roads.

Runaway 52-Ton Machine Wrecks Spring Valley Home

A big machine, a wrecked house and onlookers.

8 People Escape Uninjured

A runaway earth-moving machine went out of control Monday, threw its driver off and crashed through a house at 1214 El Kelton Boulevard in Spring Valley Estates, just south of Mt. Miguel High School.

No one was seriously injured, though there were eight people in the house at the time.

The machine's driver, 31-year-old Franklin McGinis of Pacific Beach, was taken to Grossmont Hospital by a Spring Valley Fire Department ambulance. He was skinned up a little and had a sore shoulder, but he was released after emergency treatment.

Mrs. Dorothy Jean Fowler, 37, of Chula Vista, sister of the owner of the house, was cut slightly by glass and suffered a few minor bruises, but was not taken to the hospital.

None of the other seven people in the house was so much as scratched.

One wheel of the big machine (fully loaded as it was, it weighed approximately 52 tons) missed a sofa by less than a foot. Anita Fowler, 12, was lying on the sofa at the time.

The machine crashed into a rear bedroom and smashed on through the living room and out the front door of the house, coming to a halt with its engine sticking out through what had been a window.

It missed Mrs. Betty Hughes, 35, of San Diego, a family friend, who was near the front door; Richard E. Smith, 27, owner of the house, who had just gone out into the attached garage; Mrs. Smith, 23, who with her 5-month-old son Mike was in a back bedroom, and Don Smith, 5, and Nelson Smith, 4, who were in a front bedroom.

McGinis was working on construction of a playground at the new Avondale School. He was driving a machine rented by the W. F. Nelson Construction Co. of Spring Valley to the M and M Construction Co. of Redlands, contractors on the job.

Nelson company officials said that the earth-mover hit a ditch

State Treasurer Betts To Address Chamber

The Lemon Grove Chamber of Commerce semi-annual report-dinner will be held Friday July 10 at Michael's, it was announced this week by Bill Parker, Chamber president.

Bert Betts, State Treasurer, who lives in Lemon Grove at 7145 Palm Street, will be guest speaker. He replaces George Scott, developer of the new College-Grove Shopping Center, who will be hospitalized at the time of the affair.

Betts, who was in Lemon Grove at the time Scott announced his inability to be present, revealed that he would be in San Diego during the second week in July and that he had an open date on his calendar for the date of the dinner.

Betts will be the second high state official to have addressed the chamber in the past year. Last year Governor Goodwin Knight was speaker at a breakfast meeting. Scott sent a message commending the chamber on the happy choice of replacement.

Jim Spears, chairman of the dinner project, said the schedule, program and dinner price will be made next week. Reservations are being taken now at the Chamber of Commerce office, Captain Jesse Lee, chamber manager, said. The office telephone number is HOplkins 9-9621.

SEWER BIDS OPENED

SAN DIEGO (CNS)—The low bidder for laying a sewer line in the Koe street area of Lemon Grove was Carroll and Mayer, when bids were opened Tuesday at the session of the County Board of Supervisors. The company offered to construct the project for \$15,838, compared with the engineer's estimate of \$14,209.

Speaker Gives Success Formula To Men's Club

Mayor Pike Hodge of the City of National City delivered a pep talk Friday to the Lemon Grove Men's Club like nothing that has been heard there in recent months.

"If you have problems in Lemon Grove," he told the group, "they are problems with yourself." Competition brings business and business brings competition he opined as he gave his version of what Lemon Grove business community would be like when the College Grove Shopping Center opens here next year.

"Work a little harder than your competition and you need have no fear of the future," he said. "But you'll always have problems whether it's here or somewhere else. The solution is to band together and go in one direction under the guidance of expert advice," he said.

"There is a sure-fire formula for success, that fits every line of business," he told the club: "Vigorous application of genuine enthusiasm will do the trick."

National City's income has grown despite shopping center competition, he said. In the six years Hodge has been mayor, sales tax income (city's 1 percent) has grown from \$228,000 to \$600,000. "And we've cut city taxes every year of the six," he said.

The complaint said that the plaintiffs had demanded that a statement made in Goodwin's column be "corrected," but that the publisher "willfully refused to publish any such correction."

The column was a report on a raid by sheriff's deputies which resulted in charges being filed against eleven youngsters after a melee at the theater. A similar raid had been staged by deputies on December 12.

Laboratory System To Teach Languages

Mt. Miguel and Helix high schools will teach foreign languages next year by the use of 36-station electronic laboratories, high school officials said this week.

Similar facilities have been approved for the other high schools in the district.

School officials said that \$36,712 has been allocated for the project, which is designed to improve the foreign language speaking ability of students, and their understanding of grammar.

The final goal is to teach the student to think in a second language instead of having to translate.

The laboratory contains an individual booth for each student, an intercom system operated at the control board by the teacher, and special recording and playback facilities. The teacher will have a student listen through his earphones to a tape she has recorded.

The student will repeat what she has said and his words are recorded. He later can hear his speech compared with those of an expert and see where his speaking needs change and improvement. It will be possible for a teacher to deal with students who are at four different years.

levels in their studies in a language.

Arrangements probably will be made for students to use the lab twice a week in their German, Russian, Spanish, and French classes. El Capitan High School now under construction will be the first to go into operation with the new system, and the new classroom-library building at Grossmont will contain the lab and will be wired for it.

Mt. Miguel and Helix will have some additional wiring done and laboratories placed in already-existing classrooms. At Grossmont there will be 16 stations located in the library, also, for students to use in individual study.

This laboratory system has been widely used in colleges and the Armed Forces. Beverly Hills High School has used it for one

Planners Wilt Under Barrage of Criticism

SAN DIEGO (CNS) — Wilting under a barrage of criticism from spokesmen from every corner of the county, the County Planning Commission Friday "tabled" proposed amendments to the subdivision ordinance and asked members of the real estate business to help draw up land division controls acceptable to them.

As a result of Friday's action by the commission, county controls on land divisions in zoned areas are likely to end this month. The Board of Supervisors is holding a public hearing June 23 on repeal of Section 548 of the zoning ordinance, which now provides the county's control over land divisions in zoned areas, and Supervisor Dean E. Howell said at Friday's commission meeting that he thought the repeal would be voted.

In one of its longest and bitterest sessions, the commission listened for two hours while some 25 real estate people, engineers and property owners attacked the proposed changes in the law. The Supervisors' chamber at Civic Center was jam-packed by about 150 persons, with aisles and doorways crowded.

The amendments were designed to make divisions of land easier, quicker and less expensive, Dr.

Willis H. Miller, county planning director, said in starting talks. They had been drawn up by the planning staff and representatives of other county departments. Public hearings on the changes were held May 18 with engineers, title company officials and real estate people.

Principal architect in drawing up the changes and the one who presided at the May 18 hearings was the late Bartlett Dunn, the assistant county planning director. Dunn died suddenly June 6.

The amendments considered Friday were designed to take the place of Section 548 and to set up standards for streets in subdivisions.

Commissioner Warren K. Hooper, after most of the protests had been heard, professed surprise that the real estate "industry," as he called it, had not been asked to help prepare the amendments. He moved the pro-

SV Couple Celebrates 50th Wedding Date

Mr. and Mrs. Frank Golden, Spring Valley residents since 1925, celebrated their golden wedding anniversary June 3, at their home, 3020 Bancroft Dr., Spring Valley.

Frank Golden has been bedfast for a couple of years, but he welcomed all the guests, among them Father Richmond of St. Andrews Episcopal Church, La Mesa. The other guests were the Golden's three daughters and son and their families, which include seven grandchildren and four great-grandchildren. The four Golden children are Mrs. Frances

Jenkins, Mrs. Eileen Smith, Mrs. Norma Funk and Ralph Golden. Frank and Grace Golden were married in Ontario, Canada, in 1909. At that time he was a silver burnisher (finisher). They moved to California in 1920 and to Spring Valley in 1925. On moving here Frank changed his trade to that of a painting contractor. Mr. and Mrs. Golden have been active in civic affairs, having been members of the Spring Valley Chamber of Commerce for many years. Each still has relatives in Canada.

They wish to thank their many friends for the cards and letters received for their wedding anniversary. It was a real comfort, said daughter Eileen Smith.

Music Pupils Stage Informal Recital

Music pupils of Ardis Plummer were presented in two informal recitals recently at her home, 3208 Par Dr., Brookside.

Both classical and social music were included in a program whose theme was "music for enjoyment." Social music included music in the modern manner as well as original compositions—these being part of a method of teaching called "adventures in improvising."

Following the program, refreshments were served and a social hour was enjoyed by parents and children who attended.

Roller Skating Derby Packs Arena Four Nights A Week

Skating Derby, which is a take-off on Roller Derby is packing them in at the Arena in San Diego four nights each week, Thursday through Sunday. Game time is 8:30 p.m. Thursday through Saturday, and on Sunday night, which is Kiddie night, the event gets under way at 6 p.m.

Heading the local San Diego team are Sid Harnesk and Ralph Valladares. Harnesk coaches the team. His great speed accounts for his world record of 33 points

in a single game. That is comparable to hitting five home runs in one game. "Big" Sid also holds the season record of 1,586 points. His average is slightly better than 10 points per game.

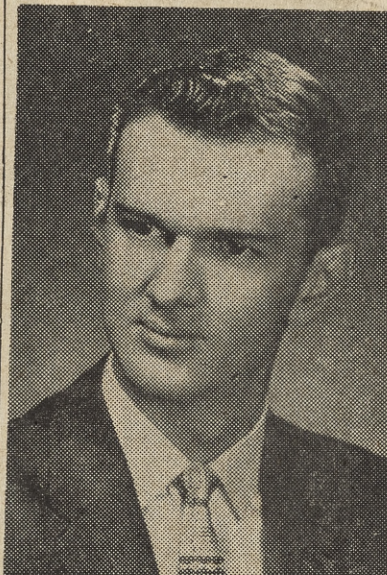

Valladares, who in his first season with San Diego has captured the hearts of the fans, is a real dare-devil type of skater. His 4' 8" size permits him to dart in and out of the pack like a jack-in-the-box, and his wonderful balance on the banked track is amazing. The little guy doesn't back up from anyone, and despite his 125 pounds he is always around when the action gets rough.

Explorer Scouts Plan Big Auto Field Day

Teenage boys who don't have driver's licenses will get a chance Saturday to join an estimated 300 Explorer Scouts in a gigantic "Autorama" at Grossmont High School.

Dave Wilkin, one of the Explorer Scouts who is chairman of the committee which will stage the "Autorama," said that any boy in the East County area between the ages of 14 and 18 can participate.

The general idea, Wilkin said, is to give the boys a chance to meet a traffic officer BEFORE they learn to drive instead of after they have broken the traffic laws.

Police officers from the sheriff's department, El Cajon and La Mesa police departments and other law enforcement agencies are scheduled to participate in the day-long affair.

Boys will register at 9 a.m. at the driving arena at Grossmont High School, Wilkin said.

Then they will be split into two groups: those who already have driver's licenses, and those who don't.

The unlicensed boys will be given half-hour lessons in driving, with either high school driving teachers or police officers as instructors. After the lessons, the boys will be met by traffic officers who will explain the problems of driving in traffic, and the problems which police officers have with teenage drivers.

Licensed boys will participate in "roadeo" competition.

They will demonstrate driving skill by twisting in and out of special hazards on the driving track, parking cars, and going through special tests on the track.

While the boys are awaiting their turn for competition or instruction, Wilkin said, they can watch movies of the Mexican Road Races, see a demonstration of study and testing equipment set up by the State Department of Motor Vehicles, see a demonstration of many new types of automobiles and view special testing equipment.

Lunch will be available at lunch trucks from noon to 1 p.m.

At 1 p.m., the boys will go to the high school auditorium for a short talk by officials of the department of motor vehicles.

At 1:15 Judge Gilbert Harelsom will convene a mock court to hear a "trial" of two teenagers accused of a traffic violation. Explorer Scouts will play the parts of the accused and will

has a special ruling which applies to children who will be under 19 years of age at the end of the year, and to children who are full-time students regardless of age.

Parents who contribute more than half the support of a child in one of these categories may claim dependence regardless of the amount earned by the child, IRS says.

Additionally, children are entitled to a \$600 personal exemption and are entitled to a refund on all or part of the Federal income tax withheld from their wages but they will have to file an income tax return after the first of the year to claim it.

Another tax break for parents with working youngsters is that reasonable wages paid dependent children who work for papa if he operates his own business are deductible.

as McGinis drove it down hill, threw him off the seat and raced on down the slope to crash into the rear of the Smith home. The machine later was driven back out of the wreckage of the house.

Henry Grebbion, assistant manager of the Bollenbacher and Kelton Co., developers of the subdivision, said that the Smith house would have to be torn down and rebuilt. He said that a new type of prefabricated truss roof being used on the houses "probably" could be credited with preventing the whole roof of the house from caving in on its occupants when the machine hit.

Just who would pay for the damages was not revealed. Both companies and the school district were said to have referred the matter to their insurance agents, who were to work out the details.

Meanwhile, the Smith family was living with relatives. About all they salvaged from the wreckage was their clothing.

posed amendments be tabled to give time for a new set of regulations to be worked out with real estate people.

L. V. Clayton, Spring Valley, spoke for the engineers and asked that a manual of street requirements that could be easily changed be drawn up. He complained that making existing policies part of the law resulted in inflexibility.

The only commissioner who made any defense of the suggested program was Gilbert Ray. He said two cases considered by the commission that morning had been the result of illegal land divisions and that laws were needed to prevent "selfish individuals" from creating building sites that were not legal. He said

Woman Injured As Runaway Car Rolls Down Hill

Mrs. Carl (Nancy) Beezley of 10024 Dolores St. in Casa de Oro is confined to her bed, badly bruised and a hole in one foot, following a freak accident June 10, at about 6 p.m.

Mrs. Beezley had her car parked in the driveway of the home of her mother, Mrs. Hazel Sunberry, 3380 South Bonita. Two-year-old Carl Beezley, Nancy's son, was in the car. Suddenly a neighbor saw the boy fall out of the car. He apparently knocked the emergency brake loose, as the car started to roll backward into Bonita Street.

The car backed into a bank, then turned and rolled down Bonita toward Campo Road. On the way, it was reported, the car sideswiped another car, straightened out and went all the way

Michael's To Become Grove's First Supper Club

Unveiling of Michael's Steak House as a full-fledged supper club is scheduled to take place in about two weeks, according to Joe Papitto and Ray Johnston, owners of the Lemon Grove restaurant.

The partners have spent more than \$15,000 remodeling two of the dining rooms into a ballroom. Roy Chuhna and his orchestra is scheduled to supply the dance music, according to Gino Palozzi, club manager.

A "grand opening" celebration will be held early in July, Palozzi said. The opening party, scheduled to last several weeks, will be replete with souvenirs, favors, celebrities and prizes, he said.

Papitto said Chef Paul Hoffman who was in charge of the kitchen at Michael's the first five years of operation, has returned. Food that made Michael's famous over the years is again available, he said.

The restaurant is open daily from noon till 2 a.m. while the changeover is being made.

Co-ordinating Council To Prepare Master Plan For LG Recreation District

The Lemon Grove Co-ordinating Council approved an executive committee report Monday night by which a recreation district may ultimately be brought to Lemon Grove.

The meeting, presided over by The Rev. E. Walter Smith, was held at the Lemon Grove Junior High School.

The report recommended the following action:

1. Inventory the existing facilities and resources of the community and report it to the Council with a recommendation of the community's needs and its ability to provide.
2. Put these in a master plan which will be functional, striving expressly to use the facilities of local schools.
3. Acquire advice and guidance of professional people who have had experience in putting community recreation programs together.
4. Obtain legal counsel for the purpose of forming a recreation district to implement the master plan.

President Smith said the program for the next meeting, scheduled for July 20 at the high school auditorium, would be built around the first three of the four recommendations.

Teachers Get Raises Board OKs \$1 1/2 Million School Budget

The Lemon Grove school board stamped "OK" on the district's preliminary budget Monday night and set into operation the school's machinery for spending \$1,565,000.

In its provision for raises for all classes of school personnel, Teachers will get \$40,000 more this year. This amounts to a raise of 5.1 per cent. Administrative personnel will get 4.6 per cent more or a total of \$5,000, and classified employees get a raise of 4.75 per cent which amounts to \$10,000.

Byron Netzeley, school superintendent, said the school tax should remain at its present level of \$2.37 per \$100 assessed valuation although the rate might go to \$2.47 depending on the area's new assessed valuation. The tax rate covers operation, bonds, and state loan repayment.

New minimum for teachers with a B.A. degree is \$4,600 a year. The maximum rate is \$7,325 for those possessing an M.A. \$500 anniversary increment is given at 15 and 20 years of service.

WALKING WITH GOD

If I am to walk with God I must go in the same direction. I must go God's way. God is moving through what we call time and human history toward a clearly marked destination, when we shall be like Him and when we shall see Him as He is. Then, too, I must be in agreement with God. "Can two walk together except they be agreed?" It is quite possible to agree with God's ultimate and yet be out of harmony with God's immediate. In agreement there is no controversy. If there is something in my life that causes a controversy with God, then I am not walking with God in all the fullness of the meaning of that phrase.

Spears Ford Wins Victory On Changes

SAN DIEGO (CNS)—Spears Ford Co., Lemon Grove, won a compromise victory at a County Planning Commission hearing Friday, to enable construction of new showrooms, offices and repair and wash facilities.

The company leases land running from Massachusetts Avenue to Vista Avenue north of Broadway. It asked for permission to build the showrooms and offices 60 feet from the center line of Massachusetts, instead of the required 75, and to build its parts department building 30 feet from the center line of Vista, instead of 40 feet.

In addition, a request was made for a rear yard reduction to six feet from 15.

The commission voted that the Massachusetts Avenue variance be denied but that the Vista Avenue and the rear yard variances be granted.

Film Reviews

by

Bob Turnbull

If it's action you want then "John Paul Jones" has it! Although a mite weak in the study of the characters, the sea action and general freshness of this period drama is of the finest calibre.

This Samuel Bronston production for Warner Brothers was reviewed at their studio a few weeks ago and should see a San Diego area booking soon.

A review of the story isn't necessary as Jones' deeds were learned years ago in our classrooms, weren't they? Whether we remember or not is another question. On occasion the story strays from the truth but it still comes across well, provided you don't mind watching Hollywood re-create history.

Robert Stack portrays Jones and he's capably supported by Marisa Pavan, Charles Coburn, Erin O'Brien and a host of quickie appearances of name stars.

The color is breathtaking and the sea battles the greatest.

For Those of You that love sentimental comedy complete with music then watch for 20th Century Fox's predicted box-office blockbuster, "Say One For Me."

Bing Crosby, Debbie Reynolds and Robert Wagner really make this family entertainment. The C-Scope and color film was produced and directed by Frank Tashlin with music and songs by Sammy Cahn, James Van Heusen and Lionel Newman.

This entire picture is one of the best of its class to exit the Fox lot in years. Don't miss it!

Legit Theatre — "The Cold Wind, And The Warm" currently booked on the center stage of the Players Ring Theatre in Hollywood may do better on the west coast than it did on Broadway. Its cast, plot and set are more than adequate for the local audience. With the lighthearted approach and the monicker Peter Ustinov attached to "Romanoff and Juliet," don't count on an empty seat during the run of this farce at the Huntington Hartford theatre in Hollywood. The opening night crowd ruined my eardrums with thunderous applause. The top price is \$5.40.

DOROTHY DIGS in the garden

Lawns in Southern California seem to be increasingly plagued with various kinds of fungus infections. Dichondra lawns have been suffering for three or four seasons with brown patch. And this year small patches of fungus are appearing in rye grass lawns.

I have still found nothing more effective than a material combining copper and ether to stop this condition once it gets started. But you can certainly do much to prevent it from occurring if you will take the trouble to properly prepare the soil in which you plan to plant your lawn.

If you are planning to put in a new lawn of any description at any time, I suggest that you sent for one of my Lawn Bulletins. Tell me the kind of lawn you plan to plant and enclose a 4 cent stamp to cover postage.

Anything that benefits the soil will help your lawn to overcome fungus disease. Use a good trace element product occasionally.

better living begins with a modern electric range

Modernize your kitchen now, while your dealer is staging his "All-Electric Kitchen Carnival".

Begin with a beautiful electric range. You'll find special values in both built-in and free-standing styles. See for yourself. Discover how easy it is to own a new-fashioned range — a range that's quick, automatic, and "white-glove" clean. You'll be proud of the way it looks . . . even prouder of the way it cooks!

And think of the advantages of a big, new freezer (either chest or upright) . . . a spick-and-span and speedy garbage disposer . . . a miraculous electric dishwasher . . . a team of handy portable appliances (mixer, toaster, skillet, and more) . . . decorative and functional "Light for Living" . . . a dependable electric water heater . . . plus modern wiring to supply the full Housepower which keeps a kitchen performing at its peak.

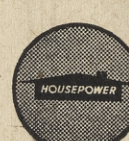

Appliance dealers throughout San Diego County are holding "All-Electric Kitchen Carnivals".

That's why now is the time to

Live Better . . . Electrically!

NEW ORLEANS (Spcl)—Home
financing funds will become less
plentiful throughout the nation
later this year but the problem
generally is not expected to cur-
tail home financing and construc-
tion in San Diego County.

John A. Davis, president of
Southland Savings and Loan As-
sociation in Lemon Grove, made
this comment today during the
annual management conference
of the National League of In-
sured Savings Associations in
New Orleans.

Davis is among 400 savings and
loan officials from all over the
nation attending the four-day
business meeting at the Roose-
velt Hotel which opened Sunday.

The National League conference
is considering the impact on the
nation's money market of rising
demand for credit by business
and government and its effect on
home financing.

The savings and loan official
said: "It is crystal clear that
home financing will become less
plentiful throughout the country
later this year. Record home con-
struction coupled with the over-
all improvement in the economy
is putting a severe strain on the
supply of savings required to
finance economic growth."

Davis said, however, that "it
is anticipated that home construc-
tion this year will exceed last
year's volume, reflecting the eco-
nomic stability of San Diego
County, the strength of its finan-
cial institutions and the demand
of the home buying public for
better living quarters."

Dr. Early, counting noses at
the family's home at 9308 Molly-

SALARY INCREASES

The Board of Trustees of the
Grossmont Union High School
District has adopted in principle
revisions for certificated and
classified employees which will, if
funds are available, provide in-
creases of approximately 5 per-
cent. Distribution of the 5 percent
will be by schedules which are
to be developed by the adminis-
tration and faculty. The principle
of working toward a greater
range in the schedule was ap-
proved.

**Demos to Hear
Why Taxes High**

Local taxes will be the subject discussed at the next regular monthly meeting of the Lemon Grove Democratic Club, starting with a formal talk by a qualified speaker, followed by the open forum-type question-and-answer period that is customary with this group.

The meeting will be held Friday at 8 p.m. in the home of the president, Mrs. H. J. Warner, 7815 Mt. Vernon, Lemon Grove.

A full attendance of the membership is being urged, as no one is exempt from the impending tax increase. Non-members interested in learning more about why local taxes will be higher and where the money will go, are invited to attend. Refreshments will be served.

**Tight Competition Holds
Scores Down in League**

Last week's schedule in the Lemon Grove Little League went through its normal paces with a few high scores being tallied, but the majority of the games showed good, tight competition.

Two of the better performances were Baggit's no-hitter for the Tigers, in which he struck out 11 while surrendering only one walk, and Kepner's one-hitter for the Braves, in which he struck out 16.

The games:
June 10—Indians 2, Dodgers 1; winning pitcher, Kellison. Combs slammed a round trip for the Dodgers' only run.
June 11—Braves 21, Cubs 4; winning pitcher, Chappell. Barstow and Kepner each got his

first homer of the season.

June 12—Tigers 4, Indians 0; winning pitcher, Baggit.

June 13—Braves 13, Dodgers 1; winning pitcher, Kepner. K. Burke got his third home run of the season with two on to start the Braves' rally.

June 13—Yankees 2, Cubs 0; winning pitcher, Barry, who hurled a close shutout with both teams fighting to the wire.

Standings as of June 13:

Team	W	L
Yankees	4	0
Tigers	3	1
Braves	2	2
Indians	1	3
Cubs	1	3
Dodgers	1	3

W CUT . . . Goes on double truck.

It took the Orange Premium Stamp people to "dish" it up differently, and dishes it is, together with \$10,000 worth of other premium merchandise to be exchanged here this week. Addicts of the profitable and pleasant art of Orange Stamp-saving will be able to browse through a mobile stamp exchange center at the front door of Gordon's Market at Broadway and Lemon.

The center is a huge trailer, built expressly for the premium firm by Roadliner Trailer Corp. in El Monte. The 40-foot trailer expands to 18 feet in width, providing 640 square feet of premium display floor space. More than 1,000 different items are ready for redemption.

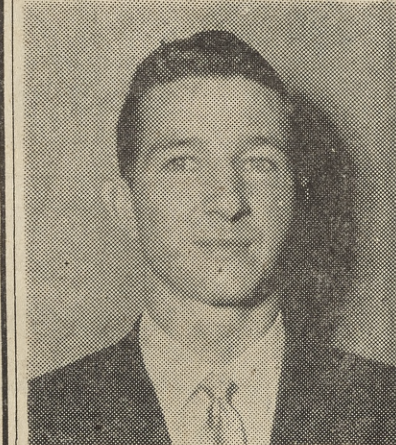

The entire trailer is air-conditioned to encourage Orange Stamp collectors to visit longer and to plan for future premiums.

The mobile redemption station eliminates the customer's complaint about having to wait in line at redemption centers, then finding, often, that wanted merchandise is out of stock. The mobile center is stocked to capacity on a day-by-day basis and the center, obviously, is as close as the local shopping center.

Elsewhere on this page is a list of local firms distributing Orange Stamps. The mobile center is open from noon 'til 7 p.m. this week except Saturday when the hours are 9 a.m. 'til noon.

**Nazarenes'

Rev. Butcher and his family will include Washington, D. C., and Niagara Falls in their itinerary. In New York City they will meet Rev. and Mrs. Charles Butcher, parents of Orval Butcher, who have been visiting a missionary son and daughter and their families in Puerto Rico. After the conference they will all travel on to Eau Claire, Wis., to attend a homecoming at the church founded by the elder Rev.

Butcher. In the month's absence of Rev. Butcher, the associate minister, Rev. Derric Johnson, will have full responsibility of ministering to the church.

Padres Off On Road Trip

Pitching remained the strong point of the San Diego Padres this week as they hit the road for a two-week invasion of the Pacific Northwest. After three days and four games in Spokane, they go into Portland for four contests.

Manager George Metkovich also will take the Padres to Seattle and Vancouver, with four tilts in each town.

Pet Show Deadline Is Friday

Children in the area are encouraged to register their dogs at the Spring Valley Pet Shop, 9141 Campo Rd., not later than 5:30 p.m., Friday of this week, to enter the "Kiddies Pet Show" on Saturday. Church Robbed

The Lemon Grove Methodist Church, Washington and Golden, was robbed of \$50.50 Sunday night.

Mrs. Frank Armstrong, assistant church secretary, said the building was entered without damage to the structure and the money was removed from a safe.

CdeO Civic Association Gives Property to Club

Mrs. Betty Nelson, president of the Casa de Oro Civic Association, on behalf of the association recently turned over the group's property to the Casa de Oro Woman's Club.

The transfer took place at a luncheon in Ossler's Shady Oak Cafe, Highway 94. Association property consisted of two lots on Sierra Madre Drive (Casa de Oro), a bank account of about \$400 and other items. Receiving the property was Mrs. Joan Anderson, newly installed president of the CDO Woman's Club.

Last year the CDO Civic Association decided that due to various problems they would dissolve and turn all property over to the Woman's Club, as that organization had been compiling a fund to help build a home for the Civic Association. The Woman's Club has about \$500 in that fund. The CDO Civic Association had operated about seven years, and several of its members were also members of the Woman's Club.

He will carry 20 to 50 vehicles on his 160 x 200 lot at all times, he says.
